Vets to Wellness

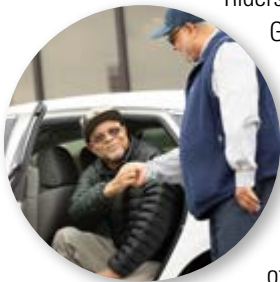

Personal Transportation Services. At Your Service.

Vets to Wellness is a convenient, easy-to-use service designed to safely transport veterans and their spouses to medical and health-related appointments and services.

Unlike traditional transit options, Vets to Wellness offers customized transportation solutions based on each rider's specific needs and ability. It's an affordable, on-demand, door-to-door health and wellness taxi service.

Riders can travel to locations throughout Genesee, Lapeer and Shiawassee counties, as well as select out-of-county destinations. No longer will a lack of transportation keep local veterans from getting to doctor's appointments, the pharmacy, the grocery store, farmers' markets and other community resources.

Keep Appointments. Keep Active. Keep Healthy.
Learn more about Vets to Wellness, a service of the Mass Transportation Authority, by calling **810.780.8946** or visiting **mtaflint.org/rides-to-wellness.html**. Start riding today!

To qualify, veterans must be honorably discharged from military service and a resident of Genesee, Lapeer or Shiawassee counties. Veterans and their spouses may be eligible for free rides.
